BIO

Marga Patterson is an American illustrator living between the mountains and the sea in Turunc, Turkey. She creates drawings inspired by nature, imagination and Turkish culture. The versatility of her work allows her to reinvent herself as an artist and always be open to new challenges. She is currently working on her first children's picture book.

STATEMENT

Our imagination is a hidden world that lives in all of us. Accessing this world enables us to achieve endless possibilities. It is our ultimate creative force that generates and empowers our ideas, inspiring us to explore new ways of living, of seeing and believing. Through drawing, I constantly explore my imagination and wish to inspire you to explore yours.
